SKILLS

PROFILE

Filmmaker who loves working with creative people to tell stories. Focused on emotional storytelling as well as high quality advertising messages. Motivated, reliable, ambitious, team player, helpful, humorous. Always looking for big challenges and the next adventure. Possess perseverance, stay calm in every stressful second and keep an eye on the big picture. Where humor and professionalism are combined, that's where I am.

"The producer is like the conductor of an orchestra. Maybe he can't play every instrument, but he knows what every instrument should sound like."
